

Psi Chi

Meeting Minutes

Monday Nov. 6th 2006

Attendance: Nick, Amber, Bianca, Claire, Amanda Baldwin (psychology club president), and Dr. Schreck

Topic Discussed:

1. The Psychology Club and Psi Chi will be joining together in some joint ventures, one being our service project. We have agreed to get the list of needed item from the kids' cancer floor of the Hershey Medical Center. We will place collection boxes at some specially designated locations.
2. We may also join in efforts to support a student panel for domestic abuse.
3. In the spring semester we will be planning to have Dr. Williams come to present at one of the psychology colloquiums, this will most likely be in January or February.
4. The honor cords are now available to purchase for graduation.
5. For our fundraiser we plan to hold a skill based game with prizes (such as Giant gift cards, and maybe I-tunes gift cards, Bears tickets and an mp3 player) at Stacks, no date specified yet.
